

INITIATIC JOURNEY TO MOUNT SHASTA

SEPTEMBER 4 - 9, 2011

AND... ADVANCE INITIATIC JOURNEY
SEPTEMBER 11 - 16, 2011

DEBORAH HELLMAN & DEBORAH MILLS

THE JOURNEY: *An invitation* to open deeper chambers of your heart. *An opportunity* to heal, purify, and create a shift into your 5th dimensional being. *An initiation* that will accelerate the vibrational level of your Soul removing veils that separate you from the Source of Creation.

THE PLACE: Mount Shasta is an inner-dimensional portal where the pure light from the Central Sun enters the earth. During the time of Lemuria, Mount Shasta was a retreat and healing center. Today within these mountains, resides a subterranean city known as Telos. In their 5th dimension Light Bodies, the Beings from Telos have been helping people of the Earth to prepare for Ascension into their 5th dimensional body while remaining in physical form. Over Mount Shasta is an Ashram of the Ascended Masters and is used for teaching and healing.

YOUR GUIDES: Deborah Hellman, Deborah Mills, three personal guides from Telos, and the Ascended Masters.

This will be a journey you will always remember, we would love to share it with you! *Deborah and Deborah*
